**REAR ELEVATION**

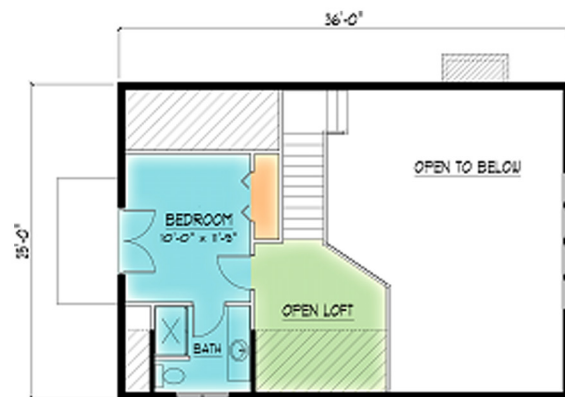

**FRONT ELEVATION**

**FIRST FLOOR PLAN**

900 SQFT

**SECOND FLOOR PLAN**

425 SQFT

The **WHITTIER** features an affordable design with a grand right elevation that doubles as a main entrance, as well as a great place to gather. Enjoy the views from the second floor balcony, or from the open loft through the great room gable end glass. Note the hammer-beam log truss and steel bar tie above the gable porch!
